PLAIN ENGLISH

Fire safety words to know

Fire alarm	The sound that tells everyone to leave the building.
Call point	A button on the wall that sets off the alarm.
Fire door	A door that is kept closed to slow the spread of fire and smoke.
Escape route	The way out of the building that you use to leave quickly and safely.
Assembly point	The safe place outside where everyone meets and is counted.
Fire warden	A trained colleague who helps others leave safely.
