PPE

Types of PPE

The right equipment depends on the task and the hazards. Check what yours needs.

Head

Hard hats protect against knocks and falling objects.

Eyes and face

Goggles, glasses or visors for dust, splashes and sparks.

Ears

Defenders for noisy work.

Lungs

Masks and respirators for dust and fumes.

Hands

Gloves suited to the task: cuts, chemicals, heat.

Feet

Safety footwear for heavy items and slippery floors.

Body

Overalls and hi-vis help protect you and keep you seen.

Falls

Harnesses when working at height.
