Worked example - colour a square when the chore is done

Chore chart

Name: Leo Week starting: Monday 16 November 2026

Chore	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Make my bed							
Feed the cat							
Set the table							
Put dirty clothes in the basket							
Tidy my bedroom							

Chores done this week 22 out of 35

Treat to pick Choose Friday's film

How to use this template

A chore chart makes it clear who does what, and gives children a way to see their own contribution to the home.

1. **Choose age-appropriate jobs.** Pick three to six chores that suit your child and write them in the first column.
2. **Talk it through.** Show what a finished job looks like, so everyone agrees.
3. **Colour a square when each chore is done.** Check in each evening.
4. **Review each week.** Swap chores around or add a new one when they get easy.

Tips

- You can agree a reward, such as choosing the film for family movie night. It is up to you whether chores earn anything.
