Worked example - a family holiday. Write in your own items.

How to use this template

A blank list for when the ready-made version is not quite right. Write each item, who it is for and how many, then tick it when it is packed.

1. **List by person or by bag.** Use the Who column for names or bag names, such as Alex or Cabin bag.
2. **Write the quantity.** It helps with socks and nappies, and is easy to check later.
3. **Tick when packed.** Tick the last column as each item goes into the bag.
