Worked example - one big sticker for every square

My big sticker chart

Name: Noah

My goal Put my shoes on

My reward Pancakes on Saturday

Worked example - one big sticker for every square

How to use this template

Twelve big squares for small hands and big stickers. It is a good first chart for toddlers and young children.

1. **Pick one goal.** Choose one small thing, such as 'Put my shoes on'.
2. **Add a sticker each time.** Let your child choose the sticker and stick it down.
3. **Finish with a treat together.** When all twelve squares are full, enjoy the reward you agreed.
